

Profile Extrusion

Your Source For All Profile Extrusion Applications

Listed Products:

- 
- *PC-BR1
 - *PC-GP1-D
 - *PC-FR1-D
 - *PPX-FR1-[color]-EN
 - *PPX-FR3-[color]-EN
 - *PC-BR1-UV
 - *PC-UV1-D
 - *PC-IM1
 - *PPX-FR2-[color]-EN
 - *PPX-MF-FR3
 - *ABS-GP1

Why Choose Polymer Resources?

***Consistent Melt Flow-** Having a consistent melt flow enables more effective and efficient processing

***Uniform Coloring-** Using one of our custom color resins eliminates color streaking, color shifting, and manufacturing and economic inefficiencies associated with color concentrators

***Custom Formulated Melt Flows-** An exact and consistent melt flow that meets your extrusion needs

*** PVC Replacement-** A material without the adverse effects

PRL's resin will give you the lowest scrap rate, exceptional process control, and therefore the greatest return on your investment.
