

Polymer Resources

COMPOUNDING SUCCESS

Sustainability at Our Very Core

► Making an Enduring Impact on Environmental Protection, Health & Safety

Polymer Resources' comprehensive sustainability strategy encompasses materials and technology, business ethics and operations, and employee and community relations.

FOR OUR CUSTOMERS:

We collaborate to help customers successfully transition from fossil-based resins to grades formulated with recycled materials.

FOR OUR EMPLOYEES:

We provide a safe workplace, promote health and wellness, and follow rigorous industry standards.

FOR THE PLANET:

We are working to increase the recycling of plastic from internal and external sources, reduce consumption of fossil-based energy and cut carbon emissions.

► Our Sustainable Materials

Our growing portfolio of sustainable materials promotes circularity and helps to reduce carbon footprint.

CURRENT PORTFOLIO:

PC-GP1S - Low Flow

PC-GP2S - Mid Flow

PC-GP3S - High Flow

PC/ABS-GP1S - Standard Flow

UPCOMING FR GRADES

PC-FR(X)S - UL Listing

PPX-FR3S - UL Listing

PPX-FR(X)S - UL Listing

At Least
50%
PCR/PIR

**New FR
Grades in
2024**

These sustainable materials represent a growing proportion of our broader portfolio, which is made up of high-quality engineering resins and blends, custom compounded to customer specifications.

► Our Business

Our intensive focus on stellar customer service enables Polymer Resources to deliver what you need, when you need it.

► Our Services

To help you adopt our sustainable materials or transition from fossil-based incumbents, Polymer Resources provides expert services:

► Technical Expertise

- Product Selection
- Process Optimization
- Part & Tool Design Support
- Regulatory Requirements

► Stability

- 50 Years in Business
- Privately Owned
- Reliable Source
- Longstanding Employees
- Continuous Investment
- Just-in-time Manufacturing

► Manufacturing

- Production Compounding in Farmington, CT and Rochester, NY
- Engineering Resins, Blends, Alloys and Certified Circular Grades
- Closed-loop Recycling
- Express Manufacturing

► Quality Guarantee

- Customer-centric Culture
- ISO9001 Certification
- Product Returns: <1%
- Lot-to-lot Consistency

► Accelerated Time to Market

- Fast, Expert Responses
- Expedited Regulatory Approvals (UL, CSA, NEMA)
- Short Lead-times
- Extensive Local Warehousing
- 99% On-time Delivery

► Customization

- Custom Formulations
- Fast, Precise Custom Color-matching
- Tailored Services
- Flexible Orders: 250 lbs. to truckloads

► Our Proven Value

For more than 50 years, Polymer Resources has provided high-quality products and services, rapid responses, short lead times and business stability to benefit our customers.
